PREVIOUS CLIENTS INCLUDE:

"Ashani was hired to serve as Social Media Consultant/Director for Bloch with the twin goals of integrating/growing our various platforms while helping to create a department structure that could be self-sustaining.

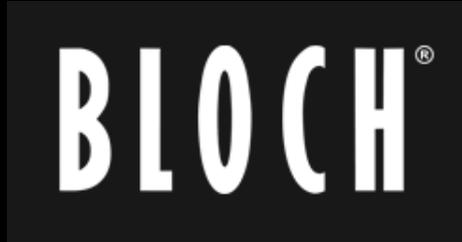

Her knowledge of our industry combined with strong communication skills and a self-directed work ethic led to tremendous success across all metrics from increased likes and followers to a significantly higher level of engagement.

She also implemented strategies to build and better define Bloch's profile on social media. In 6 short months, our presence had grown beyond our initial expectations.

At all times Ashani was engaged, professional, flexible and forward thinking. She was a difference maker for us and I would not hesitate to call on her again in the future."

Bloch Dancewear International**

PREVIOUS CLIENTS INCLUDE:

"I decided to hire Ashani because I wanted to strengthen our social media presence, strategies, and audience engagement, and interaction.

Since hiring Ashani, I have seen a change in every area. It was so exciting the first time I started seeing people interacting- leaving comments, asking questions, sharing the content- it felt really good.

I would recommend you in a heartbeat, Ashani. You are GOOD: clear, conscious, savvy, witty, compassionate, encouraging, accommodating, and generous. Your strategies and vision inspires me. I appreciate the care you have in making my voice via social media strong, encouraging, and engaging. I am so happy with the direction we are going, and I am extremely thankful we have reconnected. I hope this is a work relationship that continues for a very long time."

Camille A. Brown & Dancers**

I'm Ashani Mfuko, a Business, Marketing, and Money Strategist for the dance industry. Just like you, I was desperately in need of ways to get my business in front of my ideal dance clients fast, and I was drained, frustrated, and stressed out. Then I discovered the secret to growing an online dance brand, that stands out from the masses, and attracts loyal dance clients that pay on time, in-full, and return again and again. That was 10 years ago!

Today, I help dance business owners all over the world, just like you, who want to grow and scale their businesses, by building powerful online brands, but just don't know how. I've owned two, successful online dance businesses, and I have a Bachelor of Arts in Dance. But the real reason that I've been able to help major companies like Camille A. Brown & Dancers, Bloch Dancewear, and the Joffrey Ballet School grow their online brands to expert status, is because I know what it feels like to have something incredible to offer the dance world, and just need the right marketing strategy to get the word out to your target audience.
